

# We're building a future with you in mind.

Dear Community Member,

Thank you for your support! We have received final approval for re-zoning the planned site for the new Mercy Hospital in Green Township and are moving now into the development phase.

We have heard from many of you over the past several months and your input has helped update and enhance our plans for the new hospital campus, which will be located on North Bend Road, near I-74.

We are also grateful to the government and community leaders who have voiced strong support for our vision and plans. Our re-zoning proposal received unanimous approval from every government agency that reviewed the request. Below are the key aspects of the project.

- The new hospital will be state-of-the-art and incorporate the latest advancements in patient care and comfort, offer leading physicians, and provide inpatient and outpatient services that will allow residents to stay close to home for high-quality healthcare. Planned services include comprehensive cancer, heart and orthopaedic programs.
- The hospital campus will include buffers for nearby homes and St. Ignatius, as well as walking trails that connect to the new trail system being planned for the township's parks.
- We will address the impact on traffic flow by expanding North Bend Road and creating multiple lanes for the hospital entrance.

While work continues on the new hospital, we will continue to grow our services and provide high-quality care over the coming years at Mercy Hospital Mt. Airy and Mercy Hospital Western Hills. Those services and our commitment to quality, patient safety, and compassionate care will be transitioned to the new hospital when it's complete. We are also committed to continuing to provide outpatient services on the West Side, after the new hospital opens.

We are excited about the prospect of continuing our Mission to serve the healthcare needs of the community and provide the best possible care to the residents of Green Township, the West Side and western Hamilton County. We thank you for your suggestions to date and invite your continued input. Please submit your questions and comments online at [www.mercywest.com](http://www.mercywest.com).

Sincerely,

Paul C. Hiltz  
President & CEO  
Mercy Hospital Mt. Airy

Patrick A. Kowalski  
President & CEO  
Mercy Hospital Western Hills

Be sure to look for future updates as our plans develop.
