St. Elizabeth Development Foundation

*The Knowledge to Heal.  
The Spirit to Care.*

## *What is Neighborhood Health Watch?*

Neighborhood Health Watch is a free service to the minority community with a focus on meeting the needs of the poor and underserved. The goal of the program is to have a trained health care provider at a location near you. A skilled nurse meets with you to discuss your health needs and provide health screenings. The nurse will guide you to healthier life choices and help you find needed services.

## *We Offer*

### **Free screenings for**

- Blood Pressure
- Glucose
- Cholesterol
- Bone Density
- Body Fat / Weights

### **Services**

- Flu Shots (during flu season)
- Health Education
- Health Consultation
- Referral to Health Agencies

### **Skilled nurse available on-site**
